

# SUNVISION V180 XXL

## The SunVision VXXL

Unparalleled perfection: the SunVision VXXL series. Based on proven technology, this vertical sunbed leaves nothing to be desired. An excellent body cooling system in combination with the Cool Breeze Unit provides superior comfort. The separate

tube cooling ensures that the tubes perform to perfection. These powerful two metre reflector tubes are situated close together to guarantee even and rapid full body tanning. The VXXL offers everything to satisfy the most demanding tanning needs. This powerful sunbed guarantees maximum efficiency on a surface of only 2m squared. A sure winner!

With its 48 powerful 180-Watt tubes the SunVision V180XXL represents the ultimate in vertical tanning. It is the leading model in its field, with an unrivalled price/quality ratio. For full-body, uniform tanning in just a short period of time, with all the comfort and luxurious extras. With its elegant lines and modern appearance, it beautifully enhances any surroundings. With the SunVision VXXL you gain more than just space.

### Performance:

- The VXXL series is equipped with powerful two metre long reflector tubes for full body tanning. It is available in two versions: the V120XXL with 120-Watt tubes and the top model V180XXL with 180-Watt tubes.
- Tanning times are short, and the unique equalising acrylics and advanced lamp cooling guarantee the maximum tanning effect every time.

### Comfort:

- Ergonomic handles.
- Individually adjustable face cooler.
- Extra cooling for the whole body with the Cool Breeze Unit, including 2 stereo high-power speakers and sensor-controlled lighting. (standard V180XXL)

### Safety and Maintenance:

- High quality materials – durable, wear-resistant and hygienic.
- Easy Access® front service panel – electronic controls within easy reach.
- Active Safety Monitoring System.

### Options:

- Cool Breeze Unit including 2 high power speakers and sensor-controlled lighting (standard on the V180XXL).
- Matching changing booth with free choice of door position – fits perfectly in every studio.
- Accessory set with mirror, shelf, clothing hook and space for a coin box.
- Changing booth roof equipped with 2 high power speakers and sensor controlled lighting.
